BOF4-M06: Empathy as a Service to Create a Culture of Security

Monday, April 24 2:20 PM – 3:10 PM

Moscone West - Level 2 - Fourth Alcove

Speaker: Tracy Maleeff, Principal, Sherpa Intelligence LLC

Drawing from fundamentals of Library Science, we will discuss tips, techniques, and examples of how to integrate aspects of approachability and communication into a security program. Attendees will gain insight of how administering security protocols with empathy and compassion for the end user can build trust and the ability to turn some of your security consumers into advocates and lookouts!

Session Addition

BOF4-M06: SaaS Security Beyond Shadow IT

Monday, April 24 2:20 PM – 3:10 PM

Moscone West – Level 2 – Fourth Alcove

Speaker: Michael Bargury, CTO, Zenity

Most major SaaS vendors have grown from offering a point solution to a fully featured application development platform capable of enabling any business need. Yet SaaS security is still focused on Shadow IT, treating as SaaS platform as a single application. Join us in a discussion on what we can draw from cloud security to secure the SaaS business cloud.
