# Agenda

- ◆ **Intro/Overview** – Tom Field, Mathew Schwartz
- ◆ **Breach Landscape** – Brian Honan
- ◆ **Future of Payments Security** – Eduardo Perez
- ◆ **Legal Implications** – Joseph Burton
- ◆ **Panel Discussion, Q&A** – what it all means to you

# Brian Honan, BH Consulting

Brian Honan is recognized as an industry expert on information security providing consulting services to clients in various industry segments. Honan's work also includes advising various Government security agencies and the European Commission on matters relating to information security. In 2008 he founded the Irish Reporting and Information Security Service, which is Ireland's first CERT.

# Eduardo Perez, Visa Inc.

Eduardo Perez has been with Visa since 2002 and currently leads the card brand's North America Risk Services group. He manages a team that focuses on guiding U.S. and Canadian issuers and acquirers in optimizing their risk performance to maximize the growth of their payment programs. He has extensive experience in payment system risk and has previously led other key risk management groups and initiatives within Visa.

# Joseph Burton, Duane Morris LLP

Joseph M. Burton is a Partner in the San Francisco Office of Duane Morris LLP. He is a nationally recognized legal expert in the areas of Information Security and Cyber-fraud. He counsels individuals and businesses regarding their rights and responsibilities, concerning the security of digital information. He advises concerning the prevention, detection, and response to data breach and cyber-fraud incidents; and compliance with statutory, regulatory, and contractual security and privacy requirements.

# Q&A

## Your opportunity to ask the experts about:

- Today's threat landscape;
- Top security gaps;
- Future of payments security;
- Impact on laws, litigation.

# Key Takeaways

- ◆ The evolution of new breach laws and litigation in 2015;
